The Leaders of the Miners in That State Decide to Go it Alone.

A SCALE REDUCTION ACCEPTED.

The Operators Consent to Recognize the Progressive Union.

#### ALL THE NEWS FROM NEARBY TOWNS

SPECIAL TELEGRAM TO THE DISPATCH. COLUMBUS, April 26.-Chris. Evans, President of District No. 10, of the National Progressive Union of Miners, will to-morrow issue an important circular to the miners of the State. He reviews the failure of the Operators' Committee to reach an agreement with 135, at the Pittsburg meet-

ing. The circular concludes: It is not pleasant for miners officials to advocate the acceptance of a reduced rate of wages, but the circumstances under which we are surrounded at present demands advice that is consistent and in keeping with honest convictions, that will bear the closest scrutiny of our enemies and serve the best interest of the mining craft. This we feel called upon to do, and as the present scale prices end May 1, 1889, and the fact that the inter-State movement is ended, the members of your State Executive Board have concluded that it would be the better part of wisdom to try and prevent a conflict between the miners and operators of Ohlo.

In accordance with the spirit manifested by both parties since we falled to agree jointly with other States and in accord with the suggestion made in President McBride's circular "That the district presidents should either have their executive boards map out a course to pursue or call district 'conventions to decide," the members of the Executive Board of District 'No. 10 have made the following agreement with the representatives of the Ohio operators that were elected at their State convention in Columbus April 9, 1889.

We, the undersigned officers and miners of the National Progressive Union, hereby guarantee to the operators' representatives of the State of Ohio, an agreement for the price of mining for the year of May 1, 1859, to May 1, 1890, and its successful fulfillment on the basis of 62% cents from May 1 to November 1, and 67% cents from November 1 to May 1, for the Hocking District. It will be seen by the agreement that the members of our organization are not required to ignore their union principles, but on the contrary we are able to command recognition, as an organization, in the adjustment of scale prices, and that in the future as in the past, we shall conduct the business affairs of the miners in accordance with trades union principles, and check all future schemes that may be introduced.

#### AN EMPHATIC PROTEST.

Prompt Action of Chief Elliot, Preventing the Landing of a Crippled Idlot Immigrant-Cogent Reasons.

R. C. Elliot, Chief of the Department of Charities, prevented the landing of an alien immigrant at Baltimore yesterday. The case was one of a girl 13 years of age, named Regina Warhues. She was shipped from Bremen on the steamer Dresden and had a ticket for Pittsburg, where her father lives. The following letter, apprising Chief Elliot, better tells the story:

better tells the story:

BALTIMORE, April 24.

Mr. R. C. Elliot, Chief of Department of Public Charities, Pittsburg:
DEAR SIR—I beg to advise you that the steamer Dresden, from Bremen, brought an alieu passenger, Regma L. Warhures, a child, who is a cripple and idiot, in fact a freak of nature. Her passage money from Bremen to Pittsburg was paid by her relatives in Allegheny City, who, we are informed, are willing to take care of her. This board, however, will not permit her landing, and will send her back to Germany unless a guarantee is signed in due form, recorded and approved by your department. A blank form as per copy herewith has been forwarded to the relatives, who, no doubt, will call on you to confer with you in the matter. Respectfully yours.

Immigration, Baltimore:

DEAR SIR—Your favor of 24th instant in regard to the immigrant Regina L. Warhues, who you characterize as "a cripple, an idiot and a freak of nature," is just received.

I have telegraphed you my protest against permitting aer (and all similar cases) to leave the ship that brought them to this country, for eventually this class of persons becomes a charge upon the public.

I think the admission of this girl would be a violation of the spirit and letter of the immigration laws of the country.

Had the provisions of these laws been properly enforced, this department would not now have in charge over 200 insane and idiotic persons. We believe that 6) per cent of our expenses are incurred in maintaining foreign immigrants and their offspring. Many thanks for your courtesy in promptly notifying me of this case.

Very respectfully,

P. S.—The father of the girl Regina has just left my office with his friend. After showing him a copy of my telegram to you, I explained the law bearing on the case and refused to acquiesce in any arrangement for her admission.

We announced this sale this week, but the goods thus far shown have merely been "reminders" of what we place to-Irish and French Woolens are unknown to them; everything is "English, day on Silk Table No. 1 for ye know," and very "swell" (especially the swollen prices). A coat of next week's sales. arms (made reversible) goes with every sale. Six months' credit is given at 10 per cent per month.

There will be over 200 pieces of Plain, Plaid and Striped Surahs, goods bought on Thursday, all new colorings and guaranteed choice goods.

We have received many new July celebration. No purity to be found in them; cotton worsteds, cotton and choice lines. The few we all-woolens, backed up by cheap, flasby trimmings, and tempting "specif mention are merely finger mens" in their windows are what they depend on. The amount of the

# THE SACRIFICE SWINDLING

We'll mark him thus:

WHEN HE IS KNOWN. Government test shows no ammonia in him; you can tell by him bottom side up on a hot stove, same as "baking" powder. Hardly any thing in him but al-ka-lie, with traces of fly-paper and glucose. \* \* \* \*

WHEN NEW.

The "hodge-podge" dealer in dry goods, spittoons, calico, cut glass, physic, embroidery, pills, stockings, molasses candy, hardware, Boys' clothing, etc., begins the season by offering 25 per cent off on boys clothing (could as easily give 50 per cent off). Of course everybody knows what this means nowadays; it's so transparent. Still he will continue to advertise "boys' \$10 suits reduced to \$7;" "\$7 suits reduced to \$5;" "\$5 suits reduced to \$3," and "\$3 suits reduced to chaos," etc. And women (a few) will continue to swallow the stale bait, hook and all.
